Heiltsuk members have, over many years, repeatedly identified drug dealing in our community as a serious health and safety concern.

Our leadership has heard your concerns regarding the drugs that continues to be a concern to us all.

We apologize for the time it has taken to address the ongoing concerns, we take the upmost care in the dialogue for the wellbeing of our people.

We do have a plan to address the drugs circulating in our Nation. Tomorrow we invite our members to join us as take back our community and send a message to the dealers that we will not tolerate this anymore.

1 pm on November 15, 2024 we will gather to have our voices heard, at Gvúkva'aús Haítzaqv

Standing in solidarity together for our health and wellbeing.
