Re: FNHA cybersecurity incident

HTC has been notified by the First Nations Health Authority by email yesterday regarding a cybersecurity incident to First Nations people. The FNHA public release is below.

We understand personal information such as status numbers, date of birth, address, etc. has been accessed in this cybersecurity incident due to a First Nations Health Authority data breach.

Please visit: <https://lookup.fnha.ca/> to enter your status number to see if you have been impacted by this FNHA data breach. You will be notified immediately and provided an activation code and link to enroll to Equifax if you are impacted. Impacted individuals are provided with a 2-year membership for credit monitoring services from Equifax by the FNHA.

**Please direct your questions directly to FNHA:
cyberincident@fnha.ca**
